8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries)

8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries)

This work presents the results of RILEM TC 237-SIB (Testing and characterization of sustainable innovative bituminous materials and systems).

The papers have been selected for publication after a rigorous peer review process and will be an invaluable source to outline and clarify the main directions of present and future research and standardization for bituminous materials and pavements.

The following topics are covered:

- Characterization of binder-aggregate interaction
- Innovative testing of bituminous binders, additives and modifiers
- Durability and aging of asphalt pavements
- Mixture design and compaction analysis
- Environmentally sustainable materials and technologies
- Advances in laboratory characterization of bituminous materials
- Modeling of road materials and pavement performance prediction
- Field measurement and in-situ characterization
- Innovative materials for reinforcement and interlayer systems
- Cracking and damage characterization of asphalt pavements
- Recycling and re-use in road pavements

This is the proceedings of the RILEM SIB2015 Symposium (Ancona, Italy, October 7-9, 2015).

From reader reviews:

Mary Ybarra:

Typically the book 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries) will bring one to the new experience of reading the book. The author style to elucidate the idea is very unique. In case you try to find new book to see, this book very suited to you. The book 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries) is much recommended to you to read. You can also get the e-book from your official web site, so you can quicker to read the book.

Nona Whitehouse:

Are you kind of active person, only have 10 as well as 15 minute in your day time to upgrading your mind ability or thinking skill even analytical thinking? Then you are receiving problem with the book compared to can satisfy your short time to read it because all this time you only find guide that need more time to be go through. 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries) can be your answer as it can be read by you actually who have those short extra time problems.

Ernest Keeler:

Is it you actually who having spare time then spend it whole day through watching television programs or just lying on the bed? Do you need something totally new? This 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries) can be the reply, oh how comes? The new book you know. You are consequently out of date, spending your extra time by reading in this brand-new era is common not a geek activity. So what these textbooks have than the others?

Houston Estes:

A lot of people said that they feel bored stiff when they reading a book. They are directly felt it when they get a half parts of the book. You can choose often the book 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries) to make your own personal reading is interesting. Your personal skill of reading ability is developing when you such as reading. Try to choose very simple book to make you enjoy to read it and mingle the feeling about book and reading through especially. It is to be very first opinion for you to like to available a book and examine it. Beside that the book 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries) can to be a newly purchased friend when you're feel alone and confuse with what must you're doing of that time.
