Stephen Haines

Systems Thinking: The New Frontier- Discovering Simplicity in an Age of Complexity Stephen Haines
The title says it all: "Systems Thinking: The New Frontier- Discovering Simplicity in an Age of Complexity." Finally there is a book that is a wonderful primer about exploring the inner frontier of the mind, about how to think, not just what to think. It is about navigating it more effectively using Systems Thinking and its many universal applications to work and life. It takes a unique look at our thought processes, focusing on how we think, rather than what we think. Divided into three main sections, Systems Thinking: The New Frontier carries the reader through foundational Systems Thinking research, offers many simplicity tools and applications for the layperson and for leaders as well. It explains how our world got so complex—and how we can use Systems Thinking to more effectively think-plan-act in all aspects of their lives to achieve better clarity, simplicity and speed and results.
