The Battle for the Mind: How You Can Think the Thoughts of God Noel Jones

The dichotomy of this book juxtaposes success and failure while solidifying the truth that walking with God is not conflict free because the essential nature of man is a unity of two (dichotomy) distinct realities, one physical (body) and spiritual (soul, spirit, mind). When the question is asked, What is the mind? The authors present a logical case for linking the paradigms of the mind from theology (truth) to philosophy (the search for truth) to provide a deeper understanding of two opposing forces that cause the battle between the desires of the flesh and the will of the spirit.
