Thomas Paine

Common Sense, The Rights of Man and Other Essential Writings of Thomas Paine (Annotated) (Literary Classics Collection Book 24) Thomas Paine

Common Sense and Other Writings, by Thomas Paine, is part of the Literary Classics Collection, which offers quality editions at affordable prices to the student and the general reader, including new scholarship, thoughtful design, and pages of carefully crafted extras. Here are some of the remarkable features of the Literary Classics Collection:

- New introductions commissioned from today's top writers and scholars
- Biographies of the authors
- Chronologies of contemporary historical, biographical, and cultural events
- Footnotes and endnotes
- Selective discussions of imitations, parodies, poems, books, plays, paintings, operas, statuary, and films inspired by the work
- Comments by other famous authors
- Study questions to challenge the reader's viewpoints and expectations
- Bibliographies for further reading
- Indices & Glossaries, when appropriate

All editions are beautifully designed and are printed to superior specifications; some include illustrations of historical interest. The Literary Classics Collection pulls together a constellation of influences—biographical, historical, and literary—to enrich each reader's understanding of these enduring works.

Though he did not emigrate from England to the American colonies until 1774, just a few months before the Revolutionary War began, Thomas Paine had an enormous impact on that war and the new nation that emerged from it. Common Sense, the instantly popular pamphlet he published in January 1776, argued that the goal of the struggle against the British should be not simply tax reform, as many were calling for, but complete independence. His rousing, radical voice was balanced by the equally independence-minded but more measured tones of Thomas Jefferson, who wrote the Declaration of Independence later that year.

In later works, such as *The Rights of Man*, *The Age of Reason*, and other selections included in this volume, Paine proved himself a visionary moralist centuries ahead of his time. He believed that every human has the natural right to life's necessities and that government's role should be to provide for those in dire need. An impassioned opponent of all forms of slavery, he understood that no one in poverty is truly free, a lesson still to be learned by many of our leaders today.
