## **Potty Train Your Pup in 3 Days (Puppy Oops! Book 1) Valda DeDieu**

This is "Boot-camp" for new pup owners, but at the end three days your pup WILL be potty-trained. Believe it or not, dogs hate their own poop where they eat, or sleep--which for them means indoors.

Before we go any further, I want to set something straight. Not properly potty-training your pup is pet abuse. Nothing makes a dog more neurotic or miserable than pooping or peeing within his "territory" which is your home. Best of all, it can be easy to potty train a pup if you take just three days to do it right from the beginning.

A word of caution: If you live in a high rise type building, get POTTY TRAIN YOUR PUP IN 3 DAYS FOR HI-RISE. The principles are the same, but hi-rise living requires special, additional techniques.

But here is the most important part: It is best to keep this book as a reference or a guide FOR YOUR OWN DOG. Do not lend it out. Included in the back you will find notes regarding dog care for optimum health of your dog. Dogs are amazing. They are creatures of pure love! But first, a word of introduction....

Avoid the dreaded puppy "poopy-oops!". This "Owner Bootcamp" guide tells you how to potty train your pup in ONLY THREE days. The technique is based on the dog's own hard-wiring and ancient wisdom, and has worked for centuries. Spare yourself, (and your pup) embarrassment and worry. 25% of the proceedings (after expenses) goes to the Humane Society.
