Do what they tell you. Think what they tell you. Be what they tell you.

Those were the tenants drilled into Theo Flaherty while he was a patient at Black Springs Psychiatric Ward. It took him many years to shake those demons and reclaim some small semblance of identity for himself. It took him years to get out, but now the failing health of a friend has drawn him back into the hospital where “do no harm” is the least kept of oaths. At the same time, Victor’s enigmatic past is illuminated when Jaycee accompanies him to visit a new friend in the palliative care ward of the same hospital.

What mysterious link binds them all to Black Springs? Everything’s connected, somehow.

Written by the all-star team of Engen authors Ellen Curtis (Compendium) and Matthew LeDrew (The Black Womb Series, The Xander Drew Series), Exodus of Angels brings the Infinity series to both new heights and emotional depths.
