Graphic Standards Field Guide to Softscape Leonard J. Hopper
Quick, reliable answers to your most common on-site questions

When you're in the field, you never know what you'll come across. *The Wiley Graphic Standards Field Guide to Softscape* gives you fast access to the practical information you need when you're on-site and under pressure.

Presented in a highly visual and easily portable format, the Field Guide is organized to follow a logical project sequence from site evaluation of existing conditions through construction maintenance. Covering everything from soils and planting to storm water drainage, this handy companion conveys the most common answers that landscape architects addressing issues pertaining to softscape need when visiting construction sites and meeting with architects, engineers, clients, or contractors.

The Field Guide to Softscape extends the familiar Landscape Architectural Graphic Standards beyond the office, with:

- Quick access to essential information when away from the studio
- Things to look for when assessing existing conditions during preliminary design site visits or pre-construction meetings
- Graphic Standards-quality details accompanied by real-world photographs of best construction practices and techniques
- Illustrations and real-world photographs that help you troubleshoot problems, along with on-the-spot solutions
- A list of common construction mistakes and problems to avoid
- Compact format that's easy to reference and carry along to job sites

The Graphic Standards Field Guide to Softscape is the ideal companion for the on-the-go landscape architect, design professional, inspector, facilities manager, or anyone who is involved with site construction.

- Immediate access to information on over 50 on-site conditions
- More than 325 details and photos throughout
- Identifies reference standards, acceptable practices, and things to avoid

From reader reviews:

Gregory Holloman:

As people who live in the particular modest era should be up-date about what going on or facts even knowledge to make them keep up with the era that is certainly always change and move forward. Some of you maybe can update themselves by studying books. It is a good choice in your case but the problems coming to an individual is you don't know which you should start with. This Graphic Standards Field Guide to Softscape is our recommendation to make you keep up with the world. Why, since this book serves what you want and wish in this era.

Edward Lott:

Reading a guide can be one of a lot of activity that everyone in the world really likes. Do you like reading book therefore. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new info. When you read a publication you will get new information since book is one of a number of ways to share the information as well as their idea. Second, reading through a book will make an individual more imaginative. When you examining a book especially fictional works book the author will bring someone to imagine the story how the personas do it anything. Third, you may share your knowledge to others. When you read this Graphic Standards Field Guide to Softscape, you are able to tells your family, friends and soon about yours guide. Your knowledge can inspire others, make them reading a reserve.

Fred Scott:

Spent a free a chance to be fun activity to try and do! A lot of people spent their leisure time with their family, or their very own friends. Usually they carrying out activity like watching television, planning to beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Would you like to something different to fill your own free time/ holiday? May be reading a book is usually option to fill your cost-free time/ holiday. The first thing you will ask may be what kinds of publication that you should read. If you want to attempt look for book, may be the publication untitled Graphic Standards Field Guide to Softscape can be good book to read. May be it may be best activity to you.

John Harrison:

Why? Because this Graphic Standards Field Guide to Softscape is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will jolt you with the secret that inside. Reading this book beside it was fantastic author who all write the book in such incredible way makes the content inside easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you for not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of advantages than the other book get such as help improving your skill and your critical thinking approach. So , still want to hold off having that book? If I were being you I will go to the reserve store hurriedly.
