Cancer Salves: A Botanical Approach to Treatment Ingrid Naiman

In the time when botanical pastes were popular, the success rate for cancer treatment was about 75-80%. In this fascinating book, the author demystifies the historic formulae and uses and provides honest insights into the pros and cons of one of the most reliable natural cancer treatments of past eras. She provides case histories and clear instructions that a highly motivated and careful individual can use clinically or in self-treatment.
