## **Board Simulator Series: Body Systems Review III: Nervous, Skin/Connective Tissue, Musculoskeletal**

Victor Gruber, Gerald D. Barry, National Medical School Review &R&

One of a series of five texts that creates a body systems-based review that matches the current blueprint of the USMLE Step 1. They integrate clinical content with the basic sciences, testing knowledge of processes within individual body systems and provide students with cognitive skills and questions from a clinical orientation that allow independent study and self-evaluation. This is the third of three body systems reviews and covers the nervous, skin/connective tissue and musculoskeletal systems.
