When another man seems to be stealing her heart, the years of holding his feelings for her inside come out. He lays it all on the line, hoping she chooses him. Noelle's indecisiveness and an unanticipated visit from his past, causes him to take a step back and focus on making things right for his son, but can he stay away?

Noelle Grant prides herself on her life being in perfect order: a great job, great friends and the occasional fling to satisfy her needs. When her latest conquest, Jace, crashes into her life, she believes he may be the one to keep for more than just a night or two. That is until Trent, her best friend's sexy, little brother, makes his feelings known and turns her structured world inside out. Exploring her feelings for both men adds complications and when Trent starts to pull away she believes Jace is what she needs. But is he what she wants?

Will Noelle stay with the safer choice or will she risk everything for the one who makes her come completely undone?

Undeniable:

Three months to fall in love.

Three sentences to destroy it all.

Seven years ago, free-spirited Hadley's heart was shattered when her secret high school love, Ryder Blake, betrayed her with just a few short words. Now, in her twenties and committed to Braden, her boyfriend of two years, she is unknowingly still picking up the pieces, and beginning to realize her life is far from the one she always dreamed of having.

When sexy and all grown up Ryder walks back into her life, memories of their summer spent together causes her to want the old Hadley back. The Hadley that took risks and made her own rules, the Hadley that only Ryder Blake has ever dared to bring out.

Ryder has had his fair share of women since high school, but none have compared to the girl who stole his heart and disappeared with it. When his life starts to fall into place Hadley's sudden reappearance and disgust towards him fuels his drive to win her back and never let her run again...even if she has a boyfriend, and even if he has to handcuff her to his bed.

He will pursue.

She'll push him away.

Sparks will fly.

Tempers will flare.

An undeniable chemistry will light it all on fire.
