When bestselling author Max Bowman invites two female writers to collaborate with him on a book, he brings his wife Chrissy along on a beach vacation with his two co-authors and their husbands. Like Max, both of the other men are firm believers in the idea that sometimes a woman needs her husband to be her strict daddy as well, even if that means taking her over his knee for good, hard, bare-bottom spanking when she has been naughty.

As the couples settle in to enjoy their vacation, however, something seems amiss, and they begin to suspect that someone may be stalking them. Determined to keep their wives safe, the three firm-handed husbands make it clear that little girls who disobey their daddies and run off on their own end up with blushing cheeks and bottoms which are sore from more than just a spanking. But can the group figure out what is going on before it is too late and their plans for a relaxing getaway end in disaster?

Publisher's Note: Their Strict Daddies is an erotic romance novel that includes spankings, sexual scenes, age play, anal play, elements of medical play, and more. If such material offends you, please don't buy this book.
