In 1959, quietly and without fanfare, a little cookbook was published. It was called the Blueberry Hill Cookbook, written by a gal who, coming from a new York job and environment had, with her husband, turned an old Vermont farmhouse into a mecca for lovers of fine food. to her table had come visitors from every state and many foreign countries, and even a former President of the United States. The Blueberry Hill Cookbook sold thousands of copies and ever since it was published, fans asked for more. This is the asked-for second cookbook, the Blueberry Hill Menu Cookbook. This menu cookbook contains a party menu and a family menu for each month of the year. Every menu is perfect, complete unto itself, and presented in Elsie's own inimitable conversational style. She's right there at your elbow - you can't go wrong. The only exception to the menu pattern is one chapter called "A Blueberry Festival", in which Elsie, an authority on blueberries, gives you recipes for blueberry scones, blueberry pecan bread, cobblers, dessert pancakes, and son on, all divine! Probably the valuable section of each chapter is the information on what to do with leftovers. Suppose Elsie has given you a menu of ten items and suppose you have something of each left over. A problem? No. Elsie tells you what to do and how. Lots of the recipes using leftovers, Elsie thinks, are better than the originals. All 300 recipes in the Blueberry Hill Menu Cookbook are different from those in Elsie's first cookbook (except for a piecrust and a salad that Elsie just couldn't omit). There are menus for many, many special occasions - brunches, men's groups, children's parties, garden parties, even a wedding party - and just plain family dinners, all lovely, complete, easy to prepare, and delightful to eat.
