Democracy in Modern Iran: Islam, Culture, and Political Change Ali Mirsepassi

Can Islamic societies embrace democracy? In *Democracy in Modern Iran*, Ali Mirsepassi maintains that it is possible, demonstrating that Islam is not inherently hostile to the idea of democracy. Rather, he provides new perspective on how such a political and social transformation could take place, arguing that the key to understanding the integration of Islam and democracy lies in concrete social institutions rather than pre-conceived ideas, the every day experiences rather than abstract theories. Mirsepassi, an Iranian native, provides a rare inside look into the country, offering a deep understanding of how Islamic countries like Iran and Iraq can and will embrace democracy. *Democracy in Modern Iran* challenges readers to think about Islam and democracy critically and in a far more nuanced way than is done in black-and-white dichotomies of Islam vs. Democracy, or Iran vs. the West. This essential volume contributes important insights to current discussions, creating a more complex conception of modernity in the Eastern world and, with it, Mirsepassi offers to a broad Western audience a more accurate, less cliched vision of Iran's political reality.
