THE NEW VOYAGE TO CAROLINA: Authors Narrative from year 1700, traveling the length and breadth of the colony. John Lawson

John Lawson's amazingly detailed yet lively book is easily the most valuable of the early histories of the Carolinas, and it is certainly one of the best travel accounts of the early eighteenth-century colonies.

Undoubtedly the most inclusive account of the manners and customs of the Indian tribes of that day, it is also a minute report of the soil, climate, trees, plants animals, and fish in the Carolinas. Lawson's observation is keen and thorough; his style direct and vivid. He misses nothing and recounts all - from the storms at sea to his impressions of New York in 1700, the trip down the coast to Charleston, and his travels from there into North Carolina with his Indian guides.
