Hello Charlie: Letters from a Serial Killer Charlie Hess, Davin Seay

The 1991 abduction and murder of thirteen-year-old Heather Dawn Church baffled police for three agonizing years, and became one of the most infamous murders the quiet and scenic city of Colorado Springs had ever seen. It was legendary homicide detective Lou Smit who finally broke the case, sending Robert Charles Browne, a forty-three-year-old Louisiana drifter and career criminal, to prison for life. But the savage saga of Robert Browne did not end there. In 2000, Smit, now retired, joined forces with Charlie Hess, an ex-FBI agent and former CIA operative, to reexamine the cold-case murder files of the local Sheriff's Department. With the addition of amateur forensics buff Scott Fischer, the Apple Dumpling Gang was born. As their volunteer work continued, Smit, Hess, and Fischer came upon a taunting letter written by Browne, hinting that the death of Heather Church was only the tip of the iceberg. What other law enforcement officials had simply ignored, the Apple Dumpling Gang took on with single-minded determination. Charlie Hess began a correspondence with Browne in which, over the course of dozens of letters, the killer teasingly spun out the details of a horrific killing spree spread over thirty years and nine states. The tally, according to Browne: forty-nine deaths, making him one of the most prolific serial murderers in the annals of American crime. Hess's unique insight into criminal psychology, honed over his years developing informants and working as a polygraph operator, made him uniquely suited to match wits with the cagey and canny killer. But Browne was every bit the retired cop's equal: quickwitted, mercurial, and charismatic, with a penchant for riddles and a lifetime full of grisly secrets. A riveting account of the complex and chilling cat-and-mouse game Hess and Browne played over five years
