Female-to-English Dictionary: An Annotated Guide to Interpreting & Manipulating the Female Thought Processes Nick Shoveen

Unlike many other books that merely provide male definitions for a list of words and phrases like 'fine,' and 'if that's what you really want,' Doctor Shoveen goes behind the words that many women use, to reveal the hidden meanings, their very private thought processes, and how an alert male can use these utterances as a form of verbal ju-jitsu, absorbing their force, and turning them back towards the female. Successful use of the Shoveen method of verbal self-defense levels the playing field and gives men a chance to survive in a relationship. It can also assist in molding female behavior into a palatable form that is more easily tolerated.
