**Neptune Crossing (The Chaos Chronicles Book 1)** Jeffrey A. Carver

When John Bandicut encounters an alien intelligence on Neptune's moon Triton, his life changes irrevocably. Urged by the alien quarx now sharing his mind, he accepts an audacious mission—to steal a ship and hurtle across the solar system in a desperate bid for Earth's survival. Book 1 of The Chaos Chronicles, by the Nebula-nominated author of Eternity's End—with a new Afterword by the author.

Appeared in print from Tor Books. DRM-free ebook edition.

One of the best SF novels of the year — Science Fiction Chronicle

"Jeff Carver is a hard sf writer who gets it right—his science and his people are equally convincing. Neptune Crossing combines his strengths, from a chilling look at alien machine intelligence, to cutting-edge chaos theory, to the pangs of finite humans in the face of the infinite. If you like intriguing ideas delivered in an exciting plot, this is your meat." —Gregory Benford

"Masterfully captures the joy of exploration." — Publishers Weekly

"Reveals an alien encounter brushing hard against a soul, and takes us from there to the far reaches of the cosmos, all with the sure touch of a writer who knows his science. Jeff Carver has done it again!" —David Brin

"A complex and believable protagonist—an ordinary man rising to extraordinary circumstances—and an alien presence that is at once convincingly strange and deeply real. I'm really glad to have read this one." —Melissa Scott

"A roaring, cross-the-solar-system adventure of the first water. The kind of stuff that made us all love science fiction." —Jack McDevitt

"One of the very best things Carver has written, a traditional adventure filled with mystery and wonder and featuring a likable and believable protagonist thrust onto a stage for which he is ill prepared." — Science Fiction Chronicle

"High-octane space adventure: mystery, humor, theoretical physics, and one of the more interesting SF aliens you've likely encountered in a long while." —Allen Steele
