THE SUCCESS OF LAWLESSNESS Walt Hartwich

Men must be governed--a fact even the wisdom of the ancients revealed; therefore, there must be laws or rules to guide all humanity. These laws must emanate from a source that is not only intelligent and authoritative but also compassionate far beyond the capacity of mankind. The unconscionable destruction of planet earth as we know it, which results in the battle of Armageddon or WWIII, will be the culmination of global lawlessness. In *The Success of Lawlessness* the author details how and why lawlessness is a success. He points out that world leaders routinely deviate from the dictates of their government's constitutions in the five basic realms of modern human existence: political, financial, educational, medical, and spiritual. This deviation is what results in complete lawlessness, which is achieved by incorporating the concept of the fourth kind of appearances as it was first formulated by first century B.C. Greek philosopher Epictetus. There's only one sensible conclusion the searching mind can reach considering the evidence presented in these pages. Sin = Lawlessness.
