The Complete Book of Adam and Eve Standard English Version Dr. Jay Winter

This book is simply a version of an account handed down by word of mouth, from generation to generation, linking the time that the first human life was created to the time when somebody finally decided to write it down. This particular version is the work of unknown Egyptians. The lack of historical allusion makes it difficult to precisely date the writing, however, using other pseudepigraphical works as a reference, it was probably written a few hundred years before the birth of Christ. Parts of this version are found in the Jewish Talmud, and the Islamic Koran, showing what a vital role it played in the original literature of human wisdom. The Egyptian author wrote in Arabic, but later translations were found written in Ethiopic. Translated into King James English and printed in 1927 in the Forgotten books of Eden this manuscript is considered by most to be the oldest excluded book of the Bible.

Also included in this eBook package is the Book of Giants, Book of Enoch, and Testament of Solomon.
