## **Interim Judaism: Jewish Thought in a Century of Crisis** Michael L. Morgan

Confronting the challenges of the 20th century, from modernity and the Great War to the Holocaust and postmodern culture, Jewish thinkers have wrestled with such fundamental issues as redemption and revelation, eternity and history, messianism and politics. From the turn of the century through the 1920s, European Jewish intellectuals confronted alienation and the challenges of modernity by seeking secure grounds for a meaningful life. After the Holocaust and the fall of Nazism, the rich results of their thinking?on topics such as transcendence, redemption, revelation, and politics?were reinterpreted in an atmosphere of increasing disillusion and fragmentation. In *Interim Judaism*, Michael L. Morgan traces the evolution of this shift in values, as expressed in the work of social thinkers, novelists, artists, and poets as well as philosophers and theologians at the beginning and end of the century. Focusing on the problem of objectivity, the experience of the transcendent, and the relationship between redemption and politics, he argues that the outcome for contemporary Jews is a pragmatic style of religiosity that has abandoned traditional conceptions of Judaism and is searching and waiting for new ones, a condition that he describes as "interim Judaism."

Published with the generous support of Hebrew Union College–Jewish Institute of Religion, Cincinnati
