Christians are looking for deeper evidence that reaffirms the validity of the Bible. They are searching for historical, scientific, biblical, and archaeological evidence that prove that God's word is exactly that-God's word. Thankfully, scholars such as Professor Don Uhm have provided solid answers to questions posed by the uninformed, and many Christians as well. The Signs and Involvements of God is written for the Christian lay person who wants to be prepared "to give an answer to everyone who asks you to give the reason for the hope that you have" (1 Peter 3:15). Christians will be strengthened in their faith in these topics: • The Bible and science • The Bible and history • Jesus' fulfillment of prophecy • God's interaction with man's free will • The work of Satan and God's judgment • End times signs • . . . and more! This book will capture your imagination with convincing evidences that prove the Creator, the great Designer, has all things under control. It will provide you with evidence to refute the Darwinian idea that "accidental chance" can explain the wonders of our systematically well balanced universe and life on earth.
