**Diana: The Last Days** Martyn Gregory

**The definitive account of what really happened, updated to include a new chapter on operation Paget, the report into the “allegation of conspiracy to murder” Princess Diana and Dodi Fayed.**

In the early hours of August 31, 1997, Diana, Princess of Wales, and Dodi Fayed set out from the Ritz Hotel in Paris for an apartment on the rue Arsène-Houssaye. They never made it.

Martyn Gregory pieces together the evidence—from the exhaustive Operation Paget to the French investigation—and, with exclusive access to Diana’s bodyguards and some of her closest confidants, paints a compelling, accurate and unbiased picture of Diana’s final hours.

Was Diana pregnant with Dodi’s child, and were they engaged to be married? Why did the ambulance take so long to get to the hospital? What were the roles of the “flash before the crash” and the white Fiat Uno? Were the blood samples taken from the driver switched before testing?

*Diana: The Last Days* answers all these questions and more in a compelling account of what really happened on that fateful date.

If you know how big benefit from a book, you can experience enjoy to read a e-book. In the modern era like at this point, many ways to get book that you just wanted.

#### **James Snider:**

As a student exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some book, they are complained. Just small students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to the library. They go to presently there but nothing reading really. Any students feel that examining is not important, boring along with can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Diana: The Last Days can make you really feel more interested to read.
