Erebus: Book 1 Curtis Bastian

When Earth was devastated by an alien attack, the human race rebuilt using resources from throughout the solar system. In the process, the colonists to the moons Europa and Enceladus were genetically altered to live on these ice worlds. After centuries of exploitation, they declare themselves independent.

The Industrial Computer Consortium, wanting to maintain their control, sends in a mercenary crew to take back a secret facility. What they discover there is beyond anything they imagined.
