U.S. History Bites Solomon Schmidt

History Bites was specifically written for young children. It includes thirty topics from U.S. history that I think all children should know. To enhance comprehension, it also includes a glossary of definitions along with review questions for each section. Parents, this book serves as a great read-aloud, but can also be enjoyed by independent readers in the earlier grades. Each section is short enough to read as a bedtime story to help introduce children to foundational United States history. I really hope you like it - Solomon
