"The wife and the mother are the inappreciable treasures given unto you by God. They are the fairest ornaments of existence, and of them shall be born all the inhabitants of the world.

In the late 1800s, a Russian explorer discovered another record of Christ's life and teachings, guarded for centuries by the leaders of a monastery in Tibet. Ancient traders recorded their experiences with Christ and His teachings and brought these records to India. The explorer reported that these words were "remarkable for their character of divine grandeur" and were "sublime words" from the Master Himself.

Alonzo Gaskill presents this extra-biblical text in which Christ expounds the divine role of women in the gospel and the family. This book will help expand your appreciation and respect for women and their sacred part in God's plan."
