**The Ultimate Guide to Slack: How to Be Less Busy, More Productive, and Work Smarter** Jeremy Yancey

All you need to know about Slack, in one place. The only guide dedicated to Slack.

The Ultimate Guide to Slack: How to Be Less Busy, More Productive, and Work Smarter shows you how to use Slack to collaborate better, communicate more effectively, and get more done at work. This book covers everything from getting started to powering up Slack's capabilities, and the best ways of using Slack day to day.

In this book, you will learn:

- Why traditional enterprise communications tools are broken, and how Slack is changing the game
- How to keep important information and communications structured and accessible with Slack
- The secrets for being less busy, more productive, and working smarter with Slack
- How different businesses and industries are using Slack to reduce internal emails and meetings, as well as for increasing team transparency and improving productivity
- And much more!

There's also plenty of free bonus resources for readers.

Whether you're an entrepreneur, start-up, part of a remote or corporate team, this book is the only resource you'll need to master Slack.

Why I had to write this book

I've worked for large multi-billion dollar global companies for almost a decade. I kept thinking about how these organisations constantly encouraged collaboration and strived to improve productivity, yet often failed because of poor technology. While culture plays an important part in a collaborative and productive workplace, so too does having the right tools.

Enterprise technology has never quite kept up with consumer technology. For years we've been too dependent on email, and have had to deal with inferior file sharing services, nightmare intranets, clunky instant messaging, as well as second rate employee social media platforms. We've been yearning for a tool that is powerful, user-friendly and customisable.

Enter Slack – a game-changing collaboration tool that is changing the way we work.

After experimenting with Slack and seeing its capabilities, I knew I had to write something big about it. Slack brings the best of consumer type technology to the business world.
