The New York Times Bestseller is now available in a modern digital format, featuring a substantive new Foreword by Justice Samuel Alito. This book has universally been considered an unusual, fascinating, and well-written observation of the life of a man who was first a war hero and Medal of Honor winner, then Chief Justice of the United States, later a monk surviving tragedy, and finally elected Pope: Pope Francis I. His exciting life is described by three men who 'knew him well.' The first narrator is a Marine, telling of their time together in Korea. A constitutional scholar and Supreme Court Justice, appalled at the new Chief Justice, narrates the second phase. The third is a Cardinal of the Roman Catholic Church: fat, kind, but distracted. The Marine cares for him the most, the Supreme Court Justice condescends and despises him, and the Cardinal is much more interested in food than his subject. But Declan Walsh was a man who earned the Medal of Honor while ordering the death of his best friend, ruled pragmatically and energetically on the Court but lost his way to death and neglect, and became a miraculous healer ... threatened for challenging the powers that rule the secular world.

Now in a new ebook edition, featuring proper formatting, linked notes and URLs for the extensive new Foreword by Justice Alito, and active and detailed Table of Contents. Also available with a modern, readable presentation in a new print edition from Quid Pro Books.

What makes this book extraordinary is that it proves itself by paradox — reconciling and weaving together strong, seemingly incompatible elements into a cohesive, memorable work quite unlike any other in recent fiction. Ambitious in length and scope, the stage is nothing less than the contemporary world, its recent history and prophecy; while the focus, from several points of view, is clearly upon a single man — an American — who rises to become Bishop of Rome.
