Beyond Boundaries: Reflections of Indian and U.S. Scholars

Beyond Boundaries-Reflections of Indian and U.S. Scholars documents experiential learning of exchange scholars from India and the U.S.A. These essays from Fulbright Scholars, Post-Doc Researchers, Humphrey Fellows, and participants of International Visitor Leadership Program (IVLP), and East-West Center, provide a diverse spectrum of their cultural and academic experiences. The personal essays in this collection are interesting, shocking, and unforgettable. Anyone interested in studying in the United States or going to India ought to read this book for it provides a rare perspective that comes from observing a country from the students' point of view. Here, students learn, share and make the connections that go on to the making of a better and safer world for us and for future generations. While these essays do not necessarily present a representative picture either of India or the U.S.A., the sketches do describe exchange experiences of interest to anyone who is concerned with people, cultures and diversity. The production of this book was partially sponsored by the Fulbright Academy of Science & Technology. www.FulbrightAcademy.org
