**From Book 1:** Brand new version. Newly formatted and includes an epilogue from Camille's POV.

Camille Anderson always lived life on the straight and narrow- she never took a chance in life, especially with her best friend, Trevor Williams. The two were next door neighbors and experienced almost everything together. Although the two told each other everything, there was one thing Camille never admitted to Trevor and that was her feelings for him. After being out of town for a job position, Trevor returns to Houston with a new fiancé. He always looked at Camille as just his best friend, but at his engagement party, he starts to look at her in a different light, making him wonder if he is marrying the right woman. With a string of events involving the pair, as well as loyal friends dishing out romance advice, the two realize that being more than friends may not be such a bad idea. In fact, it could be what they needed all along.
